

A Global Call for Best Practices in AIED: Scenarios-Driven Educational Transformation

You are invited to contribute to the forthcoming Springer publication, **Best Practices in Artificial Intelligence in Education (AIED): Scenarios-Driven Educational Transformation**, organized by the World Digital Education Alliance (WDEA). Submissions should focus on the application of AI in education, encompassing any stage or type of learning, including but not limited to basic education, higher education, technical and vocational education, and lifelong learning. Selected case collections will be showcased during the **World Digital Education Conference 2026**. Furthermore, **10 Exemplary Best Practices** will be selected from the submissions and released during the conference.

Case Categories (Scenario-Based Classification)

Cases should focus on the practical application of AI technology in solving key issues in education and promoting educational transformation, with a focus on but are not limited to the following key areas:

- Enable Immersive & Practical Learning
- Innovate Classroom Instruction
- Optimize Management & Services
- Transform Assessment & Evaluation
- Personalize Teaching & Learning
- Pioneer New Frontiers in Education
- AI-powered Scientific Research
- AI-enabled Lifelong Learning

Submission Requirements

Your chapter should be 3-5 pages, in APA style, on how the case uses AI in education. The case must include the following core contents:

- 1. Case Background:** The educational problems or challenges that the case aims to solve, and the necessity of applying AI technology.
- 2. Implementation Process:** The specific measures, technical solutions (including the type of AI technology used and its application method), implementation steps, and timeline of the case.
- 3. Innovation Highlights:** The unique features and innovative points of the case compared with other similar practices.
- 4. Effectiveness Proof:** Specific data, evidence, or user feedback that demonstrates the implementation effect of the case (e.g., academic performance improvement rates, teacher/staff satisfaction scores, award certifications, media reports).
- 5. Promotion Plan:** The plan and feasibility analysis for promoting the case to other regions or institutions (including potential promotion paths, adaptation suggestions, and expected promotion effects).

Submission

Please send a Word document to the email address of WDEA Secretariat:
wdea@bnu.edu.cn before March 31st 2026.
